

# digital SLR PHOTOGRAPHY COURSE

Learn at your own speed and explore photography subjects that really interest you. Our smaller groups encourage everyone to become more creative and confident!

This course is designed to help you become more confident in the use of your digital SLR helping you realize more of its full potential. This course will show you how to capture high quality images with fine detail and accurate color (using a mixture of theory backed by practical exercises).

**Learn how to handle the full manual settings of your Digital SLR!**
